

LANDSCAPES OF UKRAINE

Online symposium introducing local landscapes and approaches in education and research to their planning, design and management

Friday, June 17, 2022, 10 00 am - 15 00 pm EEST

This symposium is organised with landscape architecture teachers and researchers from the Ukrainian National Forestry University in Lviv and their partners.

Our goal is to share knowledge and to learn about the situation of landscapes and landscape architecture in Ukraine. We will also include networking opportunities.
